Subject: US v. Sanders
Attachments: Discovery letter to the G1612.PDF

Dear Jay and Bill,

I've attached our discovery request to examine forensic copies of the hard drives of the seized devices and the related Cellebrite extraction reports with active links. The request is to examine these devices with Mr. Sanders present. I understand that the government was previously unable to provide a computer with sufficient speed and memory to view forensic copies of the hard drives at the U.S. Attorney's Office. I also understand the problem of transporting Mr. Sanders to a different government location where these computers are normally available. Please let me know a good time for you to discuss these logistical issues. Jon and I will make ourselves available.

Best,
Nina
